“JEWELS OF REPRODUCTION FOR DOG PEOPLE”

DR. BECKIE WILLIAMS, DVM, CVMA

CHINO HILLS ANIMAL HOSPITAL

3415 CHINO AV., CHINO, CA 91710 ~ (909) 591-1805

I am first and foremost a breeder just like you. Voted breeder of the year by my peers with my Coventry Partners, Bill Shelton and Steve Leyerly, is an honor I can't really get my head around.

I am a 1985 Graduate of Kansas State University College of Veterinary Medicine. I have practiced at breeder friendly practices for over 30 years and attended reproduction seminars in the US and Canada. I have spoken at Nationals and breeder seminars and never stop learning. I may be a veterinarian, but my job is preserving my breed and supporting breeders. I will never stop learning.

Reproduction Jewels is an overview of multiple topics regarding dogs, breeding, puppies, supplies and trouble shooting. Many brief topics and at the end, questions ... what I have learned from being a vet, being a breeder and what I have continued to learn. Bring your paper and pencil and come join us ... **Dr. Beckie**
