Thank you to the committee and exhibitors for a really lovely, high quality entry, which was particularly nice to see on a Thursday, when so many people just can't get away from work to show. I was very pleased to send forward to the Group two typey, stylish and sound Bull Terriers with absolutely correct bites in the their lovely heads. (The winning MBT also had a correct bite)

As always, the Barbary Coast BTC offers hospitality that is outstanding, inclusive and delicious, and a wonderful time was had by all. It's really my favorite show weekend, and I was honored to judge. Thank you especially to everyone who chauffeured me around; it's greatly appreciated.

## **COLOURED**

### **Winners Dog**

Harman & Myall's **ISLAY SPOT ON WITH MAGOR** (Ch Lodestar Whole Lotta Hoopla ex GCH Magor Islay Passion) This is a massive and eye-catching brindle dog, with an extremely powerful head. He has width, turn & fill, and a frankly undershot mouth with canines inside. His bone is huge; round, and running right to his feet, front and rear. His eyes are tiny and dark, his front is spot-on straight, and he has a lovely sweeping curve of stifle. I'd like more shoulder layback. He is extremely virtuous, and was beautifully presented.

### **Reserve Winners Dog**

Keigs & Alexanders' **BRIGADOON ROYAL BARD OF CIERA** (Ch Brigadoon Walkabout ex Ch Brigadoon Ciera Strawberry Blond) Black brindle youngster, this boy is very immature next to the WD. He has a scissors bite with one canine in his gum-line. At this point he is very up on leg, and definitely in an awkward and gangly stage. He carries a high tail set and cannot seem to settle his top-line. He's cheerful and obviously delighted to be in the ring, but cannot compete with a more mature dog.

### **Winners Bitch/Best of Winners/Best of Variety**

Lindstedt & Jaspers' **NOTORIOUS LITTLE RED CORVETTE AT TRIUMPH** (GCh Notorious Never Say Never ex Ch Bullysmith Barefoot Contessa Dines at Skyline) This is an absolutely charming young bitch. Solid red, with a packed and filled head, a perfect bite, wicked little eyes, and neat ears on top of her head, her front-on view also shows off her ramrod straight front, and solid round bone. While she is still immature, she is a tidy and purposeful mover, who holds her short, correct topline all ways of the ring. She has good rear angulation, and excellent body depth for such a youngster. She was immaculately presented and I can't wait to see her all grown up. I gave her BOW/BOV from the classes for her type, wicked expression and overall soundness.

### **Reserve Winners Bitch**

Utt & Wu's **ACTION ARDRY DIVINE MYSTERY** (Action Divining Rof ex Ch Action Head Over Heels II) A bigger bitch, this brindle girl came from the Open Class. She has an extreme profile

with a slight mouth fault, ears could be tidier, her eyes are well placed and shaped. She has very decent shoulder and upper arm angulation, and a deep body with good substance. She is hampered by a slightly straight stifle which pushes her rear up and affects her topline, especially on the move. Cheerful and outgoing personality, and well presented.

### **Best of Opposite Sex**

Graham & Dykema's **CH BESTUVALL TOO HOT TOO CROSS AT MOXIE** (GCH Bestuvall White Hot ex Bestuvall Hot Cross One) This black brindle dog is masculine and eye-catching, with a dramatic profile and good expression with neat ears and well placed eyes. His bite is just off. He has nice round bone, is balanced in angulation from front to rear, and moves adequately. He tends to toes out in front, but has lovely, tight cat feet and a short back. He's obviously a handful, but shows full on.

### **Select Dog**

Dykema & Coy's **CH BESTUVALL SHO' IS HOT** (Quicksilver Showstopper ex Ch Bestuvall Believe's She's Hot) Thanks so much to the owners for bringing this lovely black brindle veteran out to see me. He's still a class act, with a strong and masculine head, good round bone and moves right out around the ring. He is still an impressive and virtuous Bull Terrier, and he earned this placement on his merit.

### **Select Bitch**

Decker & Bavols' **GCH OLD ENGLAND'S BLACK DIAMOND** (Emred Huntsman ex GCH Old England's Coco Chanel) Stylish and elegant, this black brindle bitch has a good profile and scissors bite, with one one inside canine. She never stops showing. Her front is immaculate, straight down to her feet. I'd prefer more power throughout, and less height over the loin, but she works everything she's got.

## **WHITE**

### **Winners Dog**

Boyda & Harlamoff's **SOQUEL MILLENIUM HIGH SEAS**(Rhydaman Gold Medal ex Ch Soquel Millennium Sea Glass) Moderate dog with a perfect mouth, nice eyes and well set little ears; he's beautifully made, with a short, strong topline, his bone is appropriate for his size. He's balanced in his front and rear angles, and moves very well. His drawback is a lack of fill and width from the eyes down, which also is detrimental to the quality of his profile. I gave him WD based on his soundness, balance and impeccable movement.

### **Reserve Winners Dog**

Waynee, Ruppel & Harlamoff's **SOQUEL MILLENIUM FLYING DUTCHMAN** (Rhydaman Gold Medal ex Ch Soquel Millennium Sea Glass) Litter mate to the WD; this is a more upstanding dog, and does not appear as mature. His bite is just off, and he has more quality in profile and fill under the eyes than his brother. He also has a short, strong topline, appropriate bone for his size, and is balanced front and rear. He is more upright in shoulder than the WD, and his rear movement is not his fortune. He may be a very different dog in a year; for now I prefer his brother's overall soundness.

### **Winners Bitch and Best of Winners**

Zoulas' & Gothans' **BULLARD'S CLAIRE BELL SHE'S BONAFIDE** (Ch Ardry & Bullards Sharp Dressed Man ex Ch Wicked Bullard's Peytons Sweet Heart) This is a subtle young bitch;

nothing screams out at you, but the more you look, the better she gets. She has a perfect bite, in a well filled and turned head; to be picky I'd prefer a higher ear placement. This girl is a lovely balanced package, with much better than average angulation at both ends, a lovely reach of neck, and a short, strong topline. She has good round bone for her moderate size, and she moves particularly well all ways of the ring. Her soundness is something every breeder is hoping for. I awarded her lovely head with Best of Winners over the dog.

### **Reserve Winners Bitch**

Boley's **TWILITE RETURN TO SENDER** (Emred Devil's Spy ex Ch Twylite Butterfly O' Brigadoon) This is a lovely youngster from the 9-12 month class. Her bite is just off, in a turned and filled head, with neat ears and good eyes. She is similar in type to the WB, but still immature and not quite as well balanced and angulated. Her movement is still very puppyish, despite the beautiful job of training and presenting that has obviously gone into her. I'll be very pleased to see her in another year's time, when she's had a chance to grow into all the virtue that's still undeveloped.

### **Best of Variety**

Graham, Dykema, & Cooley's **GCHB WHISTLESTOP N BESTUVALL PAPER MOON** (Emred Devil's Spy ex GCHB Bestuvall Barbera Moon) This is one of my favorite Bull Terrier bitches. She has a perfect bite, in a marvelously filled and turned head, with wicked expression and neat ears on top of her head. I'd like to see more length of upper arm and layback of shoulder, but she's perfectly presented to maximize her virtues, and her balanced angulation front to rear means that her movement is precise, and her topline holds all ways of the ring. She is as type-y as it gets; there's \*nothing\* subtle about this girl, she just screams "Bull Terrier". BOV on her lovely head quality and wonderful Bull Terrier attitude.

### **Best of Opposite Sex**

Sutton, Harlamoff & Sutton's **CH SOQUEL MILLENIUM GAMECHANGER** (GCH Rhydaman Frosty ex GCH Soquel Millenium Black Fern) This is a really well-made Bull Terrier. It is essential here to say "Bull Terrier"; as even with his head cut out of the picture, he can be nothing but a Bull Terrier. He also has a perfect bite. He has big, round bone all the way to his tight cat feet, a short, strong topline, good angulation in shoulder and rear, proper tail set, and he moves with drive and purpose all ways of the ring. He has neat little ears set on top of his head, and tiny dark eyes set correctly in his broad skull. He lacks fill from under his eyes to his muzzle, and does not have the egg shaped curve of profile that is a component of our breed type. There is \*so\* much to like about this dog, he was BOS on his soundness and masculine virtue.

### **Select Dog**

Mays' **GCHS BULLSEYE OLIVER ORION** (Ch Cool Conquistador At Crossgarley ex GCH Brigadoon La Belle Grande Dame) A virtuous dog, beautifully presented and a lovely show-man. He's a more upstanding dog than the BOS, and a bit longer in back. Nice bone and substance, and a pretty profile, I'd like better layback of shoulder and more reach of neck. He's a charmer.
