Colored Bull Terriers

Best of Variety, Best of Winners, Winners Dog:

Harmon & Myall's **Islay Spot On With Magor** (Ch. Lonestar Whole Lotta Hoopla ex GCH. Magor Islay Passion) Brindle and white dog with tons of bone and plenty of body to fill out his powerful frame. His head is packed and filled all the way down to the muzzle with good depth and width. Terrific eye on this colored with tidy ears, which make for that wanted expression. Very well made with a good front and strong well-defined quarters. He does very well on the move with long easy strides. His severe mouth fault was a small price to pay for all the pluses he offers.

Reserve Winners Dog:

Dreyer's **Bullards Rugar** (Ch. Ardry N Bullards Sharp-dressed Man ex Wicked Bullards Peytons Sweet Heart) Very nice tri-colored dog with a pleasing head that is gentle in profile with plenty of fill. He is well made throughout with enough bone for his size. He moved fairly well both coming and going when he settled to the task. Still needs some time to mature.

Winners Bitch:

Pierine & Dykema's **Bestuvall Love Is Easy In Paris** (Ch. Sarajeni Easy Rider ex Bestuvall Song of Love) Lovely brindle and white bitch with a gentle turn to her long and well proportioned head. Her dark head markings detract from the sufficient fill down through the muzzle, but would still like a bit more depth. Ears are correctly placed and she uses them well. A smaller eye would give her that extra bit of wickedness we like to see. Quite enough bone for her mature frame. Nice front, solid top line that holds on the move, and strong well defined quarters. Moves well on both ends with a free and easy gait.

Reserve Bitch:

Utt & Woo's **Action Ardry Divine Mystery** (Action Diving Rod ex Ch. Action Head Over Heels II) Upstanding brindle and white bitch with an eye-catching head, beautifully turned with a scissors bite, but would like a bit more fill through the muzzle. Small well shaped eye, but expression would benefit with better ear placement. A big girl who is well made with plenty of bone and body for her frame. On the move, her top line suffers while still covering the ground well in all directions.

Best of Opposite Sex:

Dykema & Coy's **GCH. Bestuvall Cross My Heart** (GCH Bestuvall White Hot ex Bestuvall Hot Cross One) Black brindle and white bitch of good type. She has a very strong head, gentle in profile with plenty of width and depth all the way down through the muzzle. Nice round bone, straight front and well muscled quarters. Every so often you catch her giving up her top line when standing, but she does hold it on the move where she does well both in all directions.

Select Bitch: Decker, Baval & Baval's **GCH. Old England' Black Diamond** (UK Ch., Emred Huntsman x GCH. Old England's Coco Chanel) Chunky black brindle and white with a well-turned and filled head. Scissors bite with one tight canine. Nicely made with a short back and did well moving in front, but a bit close behind.

White Bull Terriers

Best of Variety, Best of Winners & Winners Bitch:

Alvarado & Berez' **Action Devilish Delight** (Emred Devil's Advocate ex Action Headed For My Heart) This upstanding white bitch grabs you from first go. She is very well made with plenty of bone and body for her large frame. Her head is gently turned with plenty of width and depth throughout. Her mouth is scissors, but canines are not correct. Good expression with a well placed eye, but could be greatly improved by a better ear carriage. Fairly well made with a nice straight front, adequate shoulder, solid top line and strong, well-muscled quarters. Moved well, when she settled down. Still on the young side of maturity for such a big girl.

Best of Opposite Sex:

Sutton, Harlamoff & Sutton's **GCH Soquel Millenium Gamechanger** (GCH Rhydaman Frosty ex GCH Soquel Millenium Black Fern) Typey white dog who is well-balanced with good make and shape. He has plenty of bone for his size, with a nice straight front. Good length of neck with adequate shoulder and solid top line that holds on the move. Hindquarters are strong with a well-developed second thigh. His head is of good proportions, filled and with good depth. He does well on the move in all directions.

Reserve Winners Bitch:

Tesconi, Sanderson, Brouwer & Berez' **Bigshot Morning Sun** (Emred Devil's Spy ex Bigshot Lady Lolipop) Very pretty white bitch with lovely make and shape. Head is gently turned with quite enough fill and a scissors bite. Nice straight front, solid top line and good quarters. She moves as she is made, well and true.

Winners Dog:

Antle, Dykema & Konings' **Kingsfarm Dutch Royal** (Teirwgywn Top Gun ex Action Hot And Classy) Young white dog, still needs to fill out, but is nicely made with good bone. His head is filled with a gentle profile. Well-shaped eye and ears right on top make for a very nice expression. His nice length of neck and well laid shoulder combined with strong and well defined quarters give him ample opportunity to show what he can do on the move, which is does fairly well considering he has not yet pulled it all together.

Reserve Winners Dog:

Waynee, Ruppel & Harlamoff's **Soquel Millenium Flying Dutchman** (Rhydaman Gold Medal ex Ch. Soquel Millenium Sea Glass) Typey white dog who has a well-turned and filled head, with good depth and finish. Bite is correct but canines are not. Lovely eye and ears carriage. Nice front and shoulder. Quarters are well-muscled, but steeply set on. Top line suffers a bit both standing and on the move. When he moves away, he is slightly close behind, but fairly true coming back.

Select Dog: Calden's GCH. Wicked's White Tie Affair TT

(GCH Rhydaman Frosty ex GCH Quicksilver Wicked Moxie of Bullard) White dog with a very strong head, gentle in profile with good fill and depth. Nice round bone and plenty of substance for his large frame. Fairly well made throughout and moves well.

Select Bitch: Graham, Dykema & Cooley's **GCH. Whistlestop N Bestuvall Paper Moon** (Emred Devil's Spy – GCH Bestuvall Barbera Moon) Petite white bitch with a beautiful headpiece, well filled and beautifully turned. Tiny eyes and ears give her a wicked expression. Mouth is not correct. Unfortunately, she was a little on the lean side today, which not only exaggerated her steeply set shoulder but had her giving up in top line on the move. Disappointed for her today, as I have always admired this bitch.
