Winners Dog and Best of Winners

Kristy Utt DVM and Krista Prater-Piles' **FORMULA ACTION PRINCE OF THIEVES** (By Emred Devils Advocate -- GCH Actions Formula For A Drama Princess)

Dark brindle and white. Lovely proportion, nicely constructed in front with good bone for his size, strong feet and pasterns, and a strong, well arched neck. Tailset a little high, adequate rear, but could have more angulation. Quality well filled head with beautiful, not excessive profile, well set eyes, nicely erect ears when he uses them, though could be smaller. The biggest drawback is his mouth with instanding canines and slightly under. But beautiful headpiece. Front movement adequate, rear could have more power. Nice dog overall with some minor flaws.

Terry McQuade's **LUNAR ACTION QUEEN OF MAYHEM** (By CH Energon Ironhide at Envoy – Action Lunar Dreaan Scape of Geisel Farm RATN)

Brindle and white with prominent white collar and forechest. Feminine bitch with enough bone for her size. Lovely front construction and good body width. Nicely angled both front and back. Nice picture side on with correct topline and tailset, and a nicely arched, strong neck. Her head shows good length and a smoothly contoured outline with a hint of an eyebrow. Ears are thin and nicely erect but just off the vertical. Very good bite, and while well filled the muzzle could have a little more depth at the end. Expression is pleasing without being too varminty.

Vicki Heniser's **ENVOYS AUTUMN HEATHER** (By Stardom Demons Disciple – GCH Envoy Wait For It)

Red and white. Nicely proportioned, elegant, terrier style bitch with a long reachy neck who could have a little bit more bone to complement her pleasing, nicely contoured outline. Ears are set, and carried, low and her eye is a little open. Mouth is quite off. In profile then, she is nicely conformed with good topline and tailset, but her lack of expression and mouth fault and lightness in bone are what contributed to her reserve placement.

Best of Variety

Stacy Frawley, Jacqueline Decker, Walter Baval's **GCHB OLD ENGLAND'S HAPPILY EVER AFTER CGC** (By GCH Hawthorn Dragons Heart – GCH Old England's Notso Basic Bitch)

Brindle and white with compact, nicely contoured structure and balanced angles. Adequate bone, lovely forechest, strong rear, good topline, good tailset and carriage. Thus, very well conformed and well balanced with a very strong neck with enough reach. Lovely unbroken head profile but could have a little more underjaw; good bite, ears could be more vertical, eye is well set but could be slightly keener. Overall, her expression and balanced, strongly bodied and contoured picture from the side is what carried the day. This, combined with really nice proportion and width when viewed front on..

Best of Opposite Sex

Diane Davis's **CH ENERAGON IRONHIDE AT ENVOY** (By Tierwgywn Paper Gangsta at Bullyview – Energon Shining Meteor)

Upstanding, Dalmatian style exemplified by reach and drive on the move, maintaining his lovely topline. Tail is well set on and carried correctly. Nicely angled at both ends with short hocks but could have a little bit more bone for his size and less length of loin. His neck is strong with good reach. The head could be a bit more masculine with a bit more under eye fill and more underjaw. Bite is a little off. Eye could be a little keener, and ears could be a little more on top. Front is well constructed with good forechest and well laid shoulder.

Cheri and David Croucher's **GCH OLD FORGE HERSHEY KISSES BY ACTION** (By CH Formula For A Drama Free Brother CGC – GCH Action Kissed By The Divine From Old Forge)

Competed strongly for BOV. Somewhat cobby with a very strong, capacious body. Strong, well-turned rear adds to a contoured, muscular outline with exemplary topline and tailset. Well set shoulder but slightly short in upper arm. Strong neck. Head has good length with contour but not quite unbroken. Mouth fault. A slightly keener eye and ears set more on top would improve her appeal from the front which shows lovely width (in both head and body).

Peter and Elizabeth Galmish, Dianne David's **ENVOY'S FULL SEND** (By Stardoms Demons Disciple – GCH envoy Wait For It)

Similar in body shape to the RWD but of more acceptable size and with a better head. Nicely balanced with good bone and good structure both front and rear but could have a little less rise over the loin. Well-muscled, nicely turned rear. Good arch and reach of neck. Strong head with a keen eye and correct bite but could have more depth and width of muzzle. Didn't use his ears to good effect. He carried the day on his better structure and keener eye. Tiny brindle(?) patch over the right eye.

David Melissa, Mary Holsen, Keith David, Jorge's **ST GEORGE & VALKYRIE'S SPOT OF MISCHIEF** (By GCH CH Action Kiss My Grits From Old Forge – St George and Valkyrie Runnin Down A Dream)

A tall, upstanding dog (in the 19 to 20 inch range). Strongly bodied dog of good proportion in length to height with adequately muscled rear. Short hock and neat feet with strong pasterns. Adequate bone and turn of stifle but shows shortness in upper arm which affects his front movement. Head is of the old-fashioned kind with a bit of flatness and weakness of muzzle but correct bite. Tail is set well but carried very high on the move. Reluctant to use his ears.

Shauna Ugarte, Pamela Pichilli's **ENERGON GUARDIAN OF THE GALAXY CGC** (By CH Kilacabar Cuchulainn – Energon Shining Meteor)

Classy terrier style bitch with very good proportion, make and shape. In that department only a slight shortness of upper arm detracts. Just enough bone for her size. Nicely constructed in the rear with a good tail set and carriage, together with well-muscled thighs and nicely turned stifles. Lovely reach and arch of neck balancing the length and curvature of head. In profile the head is smoothly curved and of pleasing length. Correct bite but could have a bit more underjaw. With two brindle eye patches it is more difficult to see her expression, but close examination reveals a well-set eye. Ears could be set more on top. Under eye fill is good.

Reserve Winners Bitch

Ash Von Schaumburg, Diane Davis's **ENVOY PUT ME AT EASE** (By Stardom Demons Disciple – GCH CH Envoy Wait For It)

More of a Dalmatian style upstanding bitch with good conformation. Well set shoulder and a good length of neck which could have a bit more arch. While her topline is good with correct arch over the loin and her tail is well set, there is a little too much curvature in the pelvic area. Nicely turned stifle with good angulation. Could have a little bit more bone for her size. Nicely set erect ears and dark eye contribute to her pleasing expression though her head could be more ovoid viewed from the front and has some flatness in profile. These were factors in her placing as RWB.

Best of Variety

Jason and Catanya Smith, Annalee Cox's **GCH CH SOME OKIES HOT CLASSY LEGEND OF DEVILS SPY TKN** (By Kingsfarm's Hot Classy Devil – Some Okies Wicked Witch)

A large, upstanding dog, with lovely balance for his size having the best construction on the day. A well-constructed front with prominent forechest, and a strong, well-turned rear are two of those virtues. Added to a correct topline and tailset, they provide a very pleasingly contoured, strongly muscled outline. His neck has good length but could have a tad more arch to complement his smoothly curved head which is of good length. While deep throughout, a little more underjaw would complete that picture. A well filled muzzle, correct bite, and a dark eye are other virtues. Ears are erect but could be more carried more vertically and be set more on top. Moves well, very cleanly, reflecting good construction back and front. A quality dog with many virtues even if he is on the large side.

Best of Opposite Sex

Kristy Utt, Jan and Ted Gothan's **CH BULLARD'S N ARDRY'S ROYAL AFFAIR BCAT** (By GCHS Kingsfarm Dutch Royal – Bullard's Star In The East)

A strongly bodied bitch with good quarters although a little long in proportion. Her body strength and depth, correct topline and tailset, are her main virtues. She also has good length and strength of neck although it could have a bit more arch. In comparison to her body virtues, her head is not quite of the same quality lacking in both depth and width with ears that are a bit on the large side. She has a small brindle patch on the left eye, and an incorrect bite. I would like more bone to complement the strength of her construction.
