### **White Bull Terrier**

#### **Best of Variety**

Thomas's **GCCHB GRABO SUBTLE AS THUNDER** (Rabam Rock Star ex Grabo Bahama Moon)

Powerful dog with ear and eye marks. Packed head with well-placed and tiny eyes. Correct dentition. Ideal front, tremendous bone for size and correct movement coming and going. If I was going to be critical maybe just a tad close behind. I would summarize this way, if you want to educate judges as to how a virtuous Bull Terrier should look you trot out this dog and let them go over him, full stop. Not many if any are better.

### **Colored Bull Terrier**

#### **Best of Variety**

Utt and Prater-Piles **CH FORMULA ACTION PRINCE OF THIEVES** (Emred Devils Advocate ex GCH Actions Formula For A Drama Princess)

A small but full of type Brindle and White, Fantastic egg-shaped head with no low spots. He has a minor mouth fault. Ideal bone for size and tidy feet. I would like a bit more fore chest and a bit more lay of shoulder, but minor concerns compared to his multitude of virtues. He does not cover the same amount of ground as a bigger dog but at his pace his movement is correct.

#### **Best Of Opposite Sex/Best of Winners/Winners Bitch**

Carter and Johnson's **MMW SHE'S LIKE ULALAH** (Rebelside Secretariat ex MMW Moxie)

Nicely made red and white with a lovely head, adequate fill. Gently sloping with well-placed eyes and a strong under jaw. Terrific bone for size. Feet could be tidier. Nicely angulate on rear and this allows for good movement.

#### **Reserve Winners Bitch**

Carter and Johnson's **MMW DAHLIA'S FRESH START** (Barborosa Fridge Keeper ex MMW Rugrat of Turmoil BCAT)

A well developed red and white with a nicely filled head. I would wish to have a better ear set and tighter foot, decent shoulder, excellent bone, and a level topline. All the foundation pieces are there She was not completely into the task of showing on the day.

#### **Winners Dog**

Peirano's **JAVARKE FALCON'S FUREY** (Energon Silversmith Javarke With Bullwitches ex Javarke Yara Falcon)

Handsom brindle and white. Compact with a very slight profile. Head is nicely filled under the eye. Ideal bone for his size with a good front and shoulder. Level topline which allowed for smooth movement.
