

ILLIANA BULL TERRIER FANCIERS

May 25, 2026

Judge: Paula Pressler-Tash

I want to thank the club for this judging assignment. I have always loved coming to this show, both as a judge and as an exhibitor. This year was no exception. I also want to thank all the exhibitors who stayed that last day, when I assume that most folks wanted to get on the road towards home. I had the pleasure of judging some very nice dogs. The club provided excellent hospitality, as always. I especially want to thank the club for judge's gifts. The painting by well-known artist Linda Ledesma is beautiful!

J & M Lindquist, L Craig, C Masco. MADCAP CIERA PIXEL PERFECT By: Emred Devil's Advocate x GCHC Mapcap Trickster Moon. What a beautiful bitch out of the BBE class. She is still a puppy, but her many virtues made her difficult for me to ignore. She is well balanced with enough bone for her size. Her head is wide and well filled, curving smoothly downward. Her eyes are dark and squinty, creating a keen expression. Ear placement is correct. Her chest is wide and front is correct. She has a nice topline and short back. Stifles and rear are correct. She moved well in all directions, and was perfectly handled. I understand that she completed her championship.

G Wright & Z & S Gubrij GLENTON MINT FOR EACH OTHER By: Padhen Hitman x Glentom Conquistora Element of Surprise. Another young bitch from the BBE class. She is a pretty girl. She was having a lot of fun in the ring, although I am not sure that her handler was. Her head is turned down nicely and she presents a keen expression. Because she was so active, I really was not able to provide a full critique. I believe she just needs to mature and gain more ring experience.

I believe that he could use a little more bone and a little shorter back. He was a happy dog in the show ring. It was clear that the handler and the dog had a great bond.
