

BRONZE TROPHY SHOW

July 17, 2026

Judge: Glenn Snyder

Bronze Trophy:

Macdonald and Prater-Piles **CH Formula For a Princessca For Stonebull** (Emred Devils Advocate x Actions Formula For a Drama Princess) This is a beautiful white bitch who I have had the privilege of having judged previously in West Virginia. She was much more animated today and thus she was much easier to evaluate as a complete package. Her head is long and completely turned, although not exaggerated in any way. She has tiny piercing eyes that are correctly placed. There are no hollows or dips to break the profile and ears are right on top providing excellent expression. Her mouth is correct. To complete the picture, she is well made both front and rear and moved accordingly. Mr. Newberry and I were in complete agreement in awarding this lovely bitch the Bronze trophy.

Chadwell Reserve Trophy Winner and BOS:

Groff and Cairns **Aston Dreaming With Formula**

An all white dog of substance and substantial size. He has lots of solid round bone however, which gives him balance. He has a wide and filled head with small well placed eyes. Ears are held nicely erect, if very slightly wide. Mouth is correct. He has a straight front and a good topline that he maintains on the move. It was pleasure to award him the Chadwell Trophy as runner up to the Bronze Trophy winner.

Best of Opposite Variety:

Sodomsy and Prater-Piles **Formula Lotus Dream At Malajo** (Malajo Formula for a Drama Devil x Apprentice Podium Dreams by Formula) Substantial brindle and white bitch who is very well marked. Her head is long, wide and completely filled and turned, but without exaggeration. She is fairly short backed with excellent bone for size. Her ears are held stiffly erect although a tiny bit wide. Tail is carried a bit high as well. Overall this is a high quality bitch that I have liked since first seeing her in the ring.

Dancing Master Movement Trophy:

Murphy's **You Don't Know Jack** (Hawthorn's Dragon Heart x Bally's Got a foot in the Dora) I'm truly happy that I get to mention this dog in my critique. This is a large, substantial dog, yet he has ample bone to carry his size, which gives him excellent balance. He is immaculately constructed both front and rear. His

correct construction leads to his completely parallel movement. He moves out with great reach and drive, and manages to hold his topline on the move. Both myself and Mr. Newberry were in complete agreement in awarding this dog the movement trophy.

Winners Bitch:

B. And A. Radford's **Energon Hot Hot Hot For Mayhem** (Kilacabar Cuchulainn x Energon Shining Meteor) Lovely Tri-colored bitch. Long and gently turned head, providing a smooth and unbroken profile. Her mouth is correct. Ears appeared to be nicely placed, although she refused to use them on the day. She has adequate bone for her size and moved fairly well. Overall, a very nice bitch who is now fully mature.
