Bronze Trophy Show

Judge: Gary Newberry

I would like to thank the Committee for inviting me to judge The Bronze Trophy and The Don Cherry Trophy and to all the exhibitors for your sportsmanship on our decisions of some world class exhibits. It was an honour to judge alongside my co-judge Dr Glenn Snyder. Glenn and myself were unanimous with our placings.

Bronze Trophy

Macdonald and Prater-Piles

CH Formula For a Princessca For Stonebull

(Emred Devils Advocate x Actions Formula For a Drama Princess)

A truly outstanding white bitch with ear markings that caught our eyes the moment she stepped into the ring. Beautiful headpiece. Long, sweeping, unbroken profile. Strong, deep and filled right to her muzzle. Ears bang on top, wicked, oblique, dark eye and perfect dentition. Swan-like neck, deep forechest with well laid back shoulder. Straight front, tight feet, deep brisket, well sprung rib and super short back. Correct set on tail, strong, well muscled loin and second thigh. Nice bend of stifle and short strong hocks. Moved well coming and going.

Looking forward to following this girl's career. She has all the attributes of becoming a history maker in the breed.

Aston Dreaming With Formula

(Malajo's Formula For a Drama Devil x Apprentice Podium Dreams by Formula)

Quality white dog. Arched profile into a strong Roman finish. Well filled head with a wicked expression from his sharp, dark eye. Correct bite and deep underjaw. Decent reach of neck. Nice round bone and substance throughout. Just a touch more lay back of shoulder would complete the picture. Level topline, decent length of back and well bent stifles. Laid back showboy but moved well coming and going.

Best of Opposite Variety
Sodomsy and Prater-Piles

Formula Lotus Dream At Malajo

(Malajo Formula for a Drama Devil x Apprentice Podium Dreams By Formula)

Virtuous well marked brindle and white bitch. Long sweeping profile. Head deep with decent fill and small eye. Ears a shade wide set. Deep forechest, straight front with tight feet and nice round bone. Well sprung rib, deep brisket, just dipped a touch behind the withers on the move. Moved well coming and going. Beautiful, gleaming condition and expertly handled. Murphy's You Don't Know Jack (Hawthorn's Dragon Heart x Bally's Got a foot in the Dora) Heavy weight red & white boy. Loads of bone and substance, just lacks profile and length of head, but well made throughout. Very good shoulder angulation, short back and strong second thigh enabling him to move true and parallel.

The Don Cherry Trophy

Best of Breed Horiike, Barnes and Cairns

CH OMEGA'S 20TH CENTURY BOY STR (Timewilltell Cubetto x Omega Know it All) Nice size Brindle and white dog with long sweeping profile, good depth of head. Well carried ears, decent eye and correct dentition. Plenty of bone and substance, strong forechest and decent lay of shoulder. Straight front, tight feet, short coupled, level topline and deep brisket. Correct set on tail with well muscled second thigh, could use a touch more bend of stifle to complete the picture. Moved with a jaunty air.

The Len Spicer Reserve Trophy

Best of Opposite Sex, Best Puppy
Uplinger, Barnes & Cairns

BULLENCIAGA FIRST BE A WOMAN FOR OMEGA (Bullter Ego Its a Crime x Enufbull N Omegas After Awhile Crocodile) Top quality solid brindle bitch. Long arcing profile with good depth and decent fill. Correctly set on ears, sharp eye and OK bite. Long reach of neck flowing into well laid shoulders. Deep forechest and level topline. Straight front with cat like feet and well tucked up underline. Nice rear quarters with good bend of stifle facilitating her drive from the rear and flowing movement. Very close call between these two, just preferred the substance and shortness in back of the male.
