

Bull Terrier Club of the South East

Chattanooga Kennel Club

13th September 2026

Judge: Heidi Holland (NZ)

I would like to sincerely thank the club for inviting me to judge this show. The hospitality I received was second to none, and I thoroughly enjoyed my time with you all.

Many thanks also to all the exhibitors who supported the show and entrusted me with the privilege of judging your dogs. They were presented in immaculate condition and were, without exception, a credit to their owners. There were certainly several dogs that I would have been very happy to bring home to New Zealand with me!

It was a pleasure to judge such a lovely entry and I am very grateful for the opportunity.

Coloured Bull terriers

Winners dog

Clayton's **SORABULLY'S ANOTHER POPS SPECIAL**

Energion Chess Devastator ex Sorabully's You Had Me at Konnichiwa

Rangy dark brindle 8 months old, lots of maturing to do yet. Head is turned with good depth of muzzle and roman finish. He has well set dark eyes, his ears are a little wide set. Correct bite. Straight front with well tucked in elbows. Shapely outline, moves freely.

Winners bitch

McLean, Englishmen, Baval and Baval's **OLD ENGLAND ROCK YOU LIKE A HURRICANE OF WILD BLUE**

Vetsbullies Keep A Knockin' into Megaville ex Old England's Lady Luck at Rockbuster Wild Blue

14 month old black brindle and white. I liked her make and shape and she took this placing due to her angulation. Her head is well turned but could do with more fill across the muzzle and depth of muzzle. Her head markings detract in this area. She has dark, well set eyes, nice small ears carried right on top. Correct bite. Her forequarter is well angulated with loads of prosternum, matched by a well-turned rear. Straight front with tight feet and depth of brisket. Correct topline and tailset. She is big bodied and has a lot more maturing to do. Would like a little more bone. Unfortunately paced for most of the show, but pulled it together in the end and moved well around the ring.

Reserve Winners bitch

Maddox and Wright's **GLENTOM GLITTER AND GOLD WITH STELLAR**

GCH CH Glentom American Spy ex CH Glentom Heart of Gold

10 month old brindle and white. Cobby bitch with good bone and substance. Nicely turned long head with plenty of fill. Has depth of muzzle and decent underjaw. Eyes and ears a little wide set. Correct bite. She could do with more angulation in the forequarter, which would improve her topline carriage. Croup is a little steep but otherwise her hindquarters are well angulated.

Best of winners

OLD ENGLAND ROCK YOU LIKE A HURRICANE OF WILD BLUE

Best of variety

Kibler, Poole and Poole's **GCHP CH ROCKY TOP'S DREAM CHASER FDC ATT**

GCHP CH Hawthorn Dragon's Heart ex GCHP CH Rocky Top's Sweetest Dream

Only male exhibited today but I felt he was a clear winner. 4 year old brindle and white, he is a very striking, middle of the road masculine boy who is well bodied up. Good bone and substance for size. He has a smoothly turned head with roman finish. He has dark eyes which are well set and has correctly placed ears. Correct bite. Plenty of prosternum, nice wide chest, depth of brisket, straight foreleg, strong pasterns and tidy feet. Ideally I would like a little more length of scapula. He has a short back with a slight rise over the loin leading into a correct, low tail set. His hindquarters are well turned, chunky and powerful. He moves well and was shown to perfection.

Best of opposite sex

Kibler, Poole and Poole's **GCHP CH ROCKY TOP'S CHERISH YOUR DREAMS FDC ATT**

GCHP CH Hawthorn Dragon's Heart ex GCHP CH Rocky Top's Sweetest Dream

4 year old dark brindle bitch, very feminine girl. I liked her compact body type which gave her the edge today. Her head is long, strong and well turned with decent fill. Dark eyes and correct expression. Small ears. Correct bite. Straight front with width of chest and well tucked in elbows. Decent prosternum and depth of brisket. A little loose in pastern. Correct Tailset with moderate rear angulation. She does lose her topline on the move which could be improved with a little more shoulder angulation. She moves well coming and a little closer going away. Well shown, happy girl.

Select bitch

McConnell's **CH ENERGON EARTHQUAKES PRINCESS ARIANNA AT CAMBRIDGE**

Tierwgywn Paper Gangster At Bullyview Ex Energon Shining Meteor

4.5 year old brindle and white. A bigger bitch, shapely with plenty of bone and substance. A little longer in back than opposite sex. She has a smooth downface with roman finish. I would like a little more fill across the muzzle. Correct expression with tiny ears that she carries right on top. Correct bite. Good width and depth of chest with an outstanding front and feet – elbows tucked in, strong pasterns and tight feet. Angulation is balanced front to rear. Moves smoothly around the ring, well shown.

White Bull Terriers

Best of variety

McDonald and Prater-Pile's **GCH CH FORMULA FOR A PRINCESSA FOR STONEBULL**

Emirate Devil's Advocate Ex GCH CH Actions Formula For A Drama Princess

Lovely feminine, typy bitch 3 years old. Sweeping profile, head is long and strong with good depth of muzzle and adequate fill. Excellent expression with dark eyes and well set and carried ears. Correct bite. Her front is straight with strong pasterns and compact feet. Elbows nicely tucked in. Plenty of prosternum, width of chest and a deep brisket. Would like a tad more lay of shoulder. Decent length of upper arm, very good topline and correct low set tail. Nice width throughout her body. Well angulated hindquarters. She moves with reach and drive. A classy girl with a quality finish that was a stand out for me today.

Best of opposite sex

Campos and Ponce de Leon's **CH HPB'S UNBEATABLE GERVONTA THAT TANK CGC**

GCH CH Rasals Bull Ac/Dc DCATT ATT FITB Ex Arnolds Ronda Queen Of The Ring

2.5 years. Short backed cobby, masculine dog with plenty of bone and substance. His head is long and strong, smoothly turned with roman finish. He has adequate fill and an exceptional expression, although his ears are a little wide set. Correct bite. He is a very shapely dog, and although he could have more length of upper arm he presents a balanced outline. His shoulder is well laid, he has a deep brisket, with a straight front and well tucked in elbows. His feet are a little flat. Topline roaches slightly over the loin into a correct, low set tail. Rear end is well angulated and muscled. Moves freely around the ring.

Select dog

Cremeans and Leonard's **GCH CH RASALS BULL AC/DC DCATT ATT FITB**

Rasals Bull Elvis ex Rasals Bull True

4 year old smaller, cobby dog with a strong head. Good bone for size. Tiny black well set eyes, small ears that are carried wide. Correct bite. Straight front and decent width of chest. I would prefer more angulation front and rear. This affects his topline and his movement in profile. Moves well coming and going. Plenty of width throughout body, he is a masculine dog.

Select bitch

Clayton's **GCH CH SORABULLY'S DOUBLE DOWN ON SUSHI POPS**

Gch Sorabully's Sushi's Ichiban Ex Sorabully's You Had Me At Konnichiwa

20 month old with bone and substance, she has a long sweeping unbroken profile with depth of muzzle and underjaw. Could do with more fill across the muzzle. Dark eyes. Correct bite. Her front is straight with well tucked elbows and width of chest. Decent length of upper arm, a little upright in shoulder. Longer cast, she has a level topline and decent Tailset. Well angulated hindquarter. Super coarse coat. Moves well coming, a little closer going away. Nicely shown.
